

tasklist.org - A comprehensive list of processes running in your computer

Filename: CahootWebcard.exe

Name: CahootWebcard

Description: The Cahoot Webcard is a virtual card that allows you to use your Cahoot credit card online without ever having to expose your real card numbers over the web. It works by generating one-off transaction numbers as a substitute for your real cahoot credit card details.

Run manually when needed

Recommendation: Not required - typically infrequently used tasks that can be started manually if necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
