

[tasklist.org](http://tasklist.org) - A comprehensive list of processes running in your computer

Filename: GemStRmW.exe

Name: GemStRmW

Description: For a GemPlus smart card reader. If it doesn't start automatically when you insert the smart card, start it manually

Recommendation: Not required - typically infrequently used tasks that can be started manually if necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
