

tasklist.org - A comprehensive list of processes running in your computer

Filename: NADAEMON.EXE

Name: NADaemon

Description: Program by [NetActive](#) which appears to be piggybacked onto some Nvidia graphics cards software. They seem to look after "digital rights management". One user reports disabling it has no detrimental affect - not required

Recommendation: Not required - typically infrequently used tasks that can be started manually if necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
