

tasklist.org - A comprehensive list of processes running in your computer

Filename: QL.EXE

Name: Quicklink III

Description: HP fax program and only needs to be in the start-up group if you allow your phone to automatically answer your phone in fax mode, that is, to receive faxes after a certain number of rings. Available via Start -> Programs

Recommendation: Not required - typically infrequently used tasks that can be started manually if necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
