

tasklist.org - A comprehensive list of processes running in your computer

Filename: VersionCueTray.exe

Name: AdobeVersionCue

Description: An exclusive feature of the Adobe® Creative Suite, [Version Cue™](#) helps you find files fast, track multiple versions of your files, and share your files for creative collaboration

Recommendation: Not required - typically infrequently used tasks that can be started manually if necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
