

tasklist.org - A comprehensive list of processes running in your computer

Filename: ZingSpooler.exe

Name: ZingSpooler

Description: Was used for a drag and drop program to upload pictures to www.zing.com but Zing has gone out of business. Now used for Sony ImageStation's upload photos to online albums

Recommendation: User's choice - depends whether a user deems it necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
