

tasklist.org - A comprehensive list of processes running in your computer

Filename: jusched.exe

Name: jusched

Description: Checks with Sun's Java updates site to see if newer Java versions are available.

Visit java.sun.com or just run the Java Plug-In Control Panel

Recommendation: Not required - typically infrequently used tasks that can be started manually if necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
