

tasklist.org - A comprehensive list of processes running in your computer

Filename: pavsched.exe

Name: Panda Scheduler

Description: [Panda Antivirus](#) scan scheduler. Required if this is your virus scanner program and you have scans scheduled on a regular basis. I recommend that you scan manually so you don't need this but if you tend to forget then leave it

Recommendation: User's choice - depends whether a user deems it necessary

We found that [Easy SpyRemover](#) is the most effective tool for removing this file.
