

[tasklist.org](http://tasklist.org) - A comprehensive list of processes running in your computer

Filename: x3watch.exe

Name: x3watch

Description: program helping with online integrity. Whenever you browse the internet and accesses a site which may contain questionable material, the program will save the site name on your computer. Approximately every 30 days, a person of your choice (an accountability partner) will receive an e-mail containing all possible questionable sites you may have visited within the month. This information is meant to encourage an open and honest conversation between friends and help us all be more accountable

Recommendation: User's choice - depends whether a user deems it necessary
